FILL OUT FORM AND SUBMIT WITH PAYMENT

SCIENCE

*Offering children the chance to participate in a challenging, adventurous, fun-filled program and create memories that will last a lifetime!*

TECHNOLOGY

Brookview Montessori School's Summer Camp is a unique experience for your children. Primary Camp (for ages 3-6) will involve studying The Mesozoic Era for the first six weeks and The Amazon Rainforest for the second six weeks. The Elementary Camp (ages 6-12) will have a different theme each week, enabling your child to experience a myriad of activities while still enjoying the beautiful summer weather. We welcome both Brookview students and non-Brookview students. Brookview Summer Camp is a great opportunity to experience the magic of Montessori education, and for current students who are moving from Toddler to Primary or Primary to Elementary, a great chance to become acclimated to the new peer group. We welcome week by week registration, so you can pick and choose from all the options. Come join us for a fun-filled, academically enriching summer!

ENGINEERING

ARTS

MATHEMATICS

*Science, Technology, Engineering, Art, and Math-focused learning in the mornings, paired with plenty of outdoor fun in the afternoon!*

*Sign up today!*

## ELEMENTARY SUMMER CAMP

Led by Bob Lawrence, Lindsay Gaspari, Maggie Bischoff, Larry Schanker, Shefali Shintre, and Tom & Colleen Hurst

**WEEK 1**  
6/4–6/8

### Meet Meteorology with Mr. Bob

Learn the basics of what makes different kinds of weather. We will learn about big storms around the world and what causes them. We will also make travel plans to meet a real TV weather forecaster.

**WEEKS 2–3**  
6/11–6/22

### Theatre with Ms. Lindsay & Ms. Maggie

It's show time! Put on your barbaloot suit and pants and come learn the barbaloot dance. Sing along with the swomee swan song, or hum the wishes of the humming fishes! This two-week camp will include music and theatre games, and will conclude with a performance of Dr. Seuss's "The Tale of the Lifted Lorax".

**WEEK 4**  
6/25–6/29

### Sustainability & Action with Ms. Maggie

A week-long focus on energy conservation, carbon footprint, recycle/reuse, and mindfulness about the Earth. We will also be doing a beach clean-up in collaboration with the Berrien county Environmental Program Manager, Jill Adams.

**WEEK 5**  
7/2–7/6

### Building A Nation Mr. Bob

Learn how our federal government came to be by becoming a state delegate in the Constitutional Convention of 1787. You'll discover history, civics, and geography as you debate and compromise your way to a new government.

**WEEK 6**  
7/9–7/13

### Music Camp with Mr. Larry

Enjoy a week of musical enrichment! We will be discussing, writing, and listening to music. We'll play steel drums and percussion instruments, and scat sing as well. The week will finish with an informal performance for parents and friends.

**WEEK 7**  
7/16–7/20

### FabLab with Mr. Tom

Lets go make stuff! Use the resources of the LMC FabLab to make useful and ornamental items. Activities include wood turning, wood working, laser engraving and cutting, CNC cut outs and drawing, 3D printing, vinyl sticker creation and working with polymer clay. A complete make it, take it experience! (\$50 facilities fee will be added to tuition.)

**WEEK 8**  
7/23–7/27

### Simple Machines with Ms. Lindsay

Tinker around with simple machines and experiment with cause and effect. Work with gears and pulleys and cultivate your child's engineering mind.

**WEEK 9**  
7/30–8/3

### Farm and Garden with Mr. Tom & Ms. Colleen

Work in the gardens and with produce to harvest, prepare, preserve and eat. We will make pesto, preserves, jams, salads and other fresh foods as we learn about the crops in our garden and region. We will create products to eat in class and take home. (\$20 materials fee will be added to tuition.)

**WEEK 10**  
8/6–8/10

### Poetry with Mr. Bob

Learn the art of putting your thoughts and feelings into a wide variety of poems. We'll meet some masters, add some art, and explore some different cultures for inspiration.

**WEEK 11**  
8/13–8/17

### Little Chefs with Ms. Shefali

Students will cook healthy cuisines from a myriad of cultures and festivals while being introduced to daily nutrition and basic table etiquette. On the last day, students will prepare a meal for Brookview staff members.

**WEEK 12**  
8/20–8/22

### Art & Nature with Ms. Morgan

Students will explore historical and contemporary artists and art works that use nature as an inspiration, and will use natural materials as a supply source for their own art. We will learn about painting, sculpture, print making, installation arts and more!

## PRIMARY SUMMER CAMP

Led by Lori Douglas and Lisa Brown

**WEEKS 1–6**  
6/4–7/13

### The Mesozoic Era

Travel to a time before man and experience life as a dinosaur!

#### Projects

Make Dinosaur egg models  
Freeze eggs and unearth baby dinosaurs  
Create fossils

Take photos of children standing against an actual size dinosaur picture

Study gross motor movements of dinosaurs, do yoga and brain break movements

Dinosaur footprint measurements

Dinosaur stamp art

Grow a dinosaur garden

**WEEKS 7–12**  
7/16–8/22

### The Amazon Rain Forest

Create a Brookview Rainforest and experience the biodiversity and cultural diversity!

#### Projects

Importance of the rainforest  
Oxygen and carbon dioxide  
Food and spices  
Medicine  
Timber

Rainforest regions of the world

People of the rainforest –Fundamental needs

How they live  
Food  
Shelter  
Hunting and farming  
Clothing  
Weather  
Deities

Animals, endangered animals, insects and flowers of the rainforest

Layers of the rainforest  
Build our own rain sticks

What can we do to help our world's rainforests?
