

BROOKVIEW
MONTESSORI SCHOOL

Insect Repellent/Sunscreen Permission Form

Please fill out the following if you wish the school to administer insect repellent and/or sunscreen to your child at recess time or give permission for children Elementary and above to apply it themselves.

Please note that one of our students has a severe allergy to octocryline, an ingredient found in many sunscreens, particularly spray sunscreens. **We ask your cooperation in using only octocryline-free sunscreen if you apply at home.**

The school will provide sunscreen during the day, but because Insect Repellent comes in a variety of potencies, we ask that parents provide the insect repellent of your choice in your child's backpack. Please note that at any strength, the repellent is only a deterrent. While we take measures to reduce the number of mosquitos on the playground, we cannot prevent your child from getting mosquito bites.

I request that the staff of Brookview Montessori School administer

Insect repellent

Sunscreen

to my child _____, as needed during outdoor recess, for the 2023-24 school year.

Signature of Parent/Guardian: _____
