MONTESSORI SCHOOL

## Primary Summer Camp Overview

This year, our Primary summer camp will focus on a different theme each day. In the morning, working with Montessori materials will be interwoven with the day's theme and afternoons will include a great deal of summer fun!

- **Nature Explorer Mondays:** This day will be designed to provide children with hands-on experiences that encourage curiosity while fostering a love for nature and learning. The children will engage in a variety of outdoor games that promote physical activity, problem-solving and teamwork, including hikes and scavenger hunts.
- **Tasty Tuesdays:** On this day children will embark on a culinary journey filled with fun, learning, and delicious discoveries. The activities are designed to foster independence, creativity, practical life skills, and a love for healthy eating through hands-on cooking experiences. Children will have an opportunity to taste their creations with their peers, which adds a social aspect to their cooking experiences.
- **Water Wednesdays:** This day will provide children with exciting opportunities to engage with water in a safe and educational way. Activities will include sprinkler play, water balloon tosses, water limbo, bucket water races, and exploring the natural beauty of our surrounding nature trails that go by a nearby stream and all the way to the St. Joseph River. Please ensure that your child comes prepared with appropriate swimwear and a towel on Wednesdays.
- **Down on the Farm Thursdays!** We'll be getting our hands dirty and learning about farm life! This includes activities like planting seeds, learning about animals, and learning about where our food comes from.
- **Mystery Fridays:** Fridays will be a day of surprise and spontaneity in our projects and experiences. IT will be Share day, when children can share their special treasures.

*Learning Beyond The Ordinary*
